Families and Supporters:

2024 is a significant milestone for The Massachusetts Soldiers Legacy Fund. Twenty years ago, the MSLF began with a single goal, to educate the children of Massachusetts Servicemembers who died post 9/11 in combat or as a result of combat.

20 years! Along with over thousands of generous donors, partner organizations and families, the MSLF is proud to have carried out so much towards this goal. The MSLF provides families with a simple, yet comprehensive approach to education. Treat each family as individuals and start early to educate both the parents and children. Watching these families grow and thrive is an immense honor for the MSLF.

As the MSLF enters a new decade in supporting families, we stay committed to our children and our simple but important goal of educating the children of local fallen heroes.

Thank you,

Erica

JACK, MAX + GRACE LEWIS

Jack is a junior at James Madison University, majoring in accounting. Max is a freshman at George Mason University, majoring in Cybersecurity. Grace is a senior in High School—we're about to embark on the college application process!

DONNA LEWIS, SPOUSE OF PETTY FIRST CLASS JASON LEWIS

TESSA TUTTLE

My name is Tessa Tuttle, and this is Toby, my dog. My favorite holiday tradition is listening to my daddy's voice read "Twas a Night Before Christmas". My daddy was killed in action when I was 9 months old. Before he died, he sent a book to me. It was one of those recording books when you turn the page and you hear the voice read the words to you. My daddy recorded "Twas the Night Before Christmas". It's nice that my daddy can be with us. My favorite subject in school is history and I don't like math very much. Art and being able to be home with my dog Toby makes me happy.

TESSA TUTTLE, DAUGHTER OF SPC JONATHON CURTIS
